## MESSAGE FROM SPRING HILL MISSIONARY BAPTIST CHURCH

God has a will for each of our lives, but He has given us free will too. When we choose to go our own way, He chooses to limit himself; He will allow us the freedom of choice to make mistakes and cause problems in our own lives. He also allows other people free choices, and from their mistakes they can hurt us. God is in ultimate control of the final outcome.

He can take all our mistakes, and also all the sins that other people commit against us, then turn these around and bring good out of them. Even though we may lose a battle here and there, God has already won the war. God will take even very bad things and turn them around. When we think everything is falling apart in our lives, God has the final say. He decides what is going to happen. God sees what's going on, but He also has given us a free choice, and He does not intervene (come between) our free will. (choices) He has limited Himself. But, He will use even our bad choices, and the bad things that happen to us, to turn things around and bring good out of them in the final outcome -- if we let Him. Oh COCO! Hang on in there; don't give in, even when you don't understand it all. Each victory will help you some other to win. Fight manfully onward, dark passions subdued, look even to Jesus, He will carry you through!

Prayerfully Submitted  
Simeon T. Weatherby, Pastor
